

NAME: _____

"DEAR DATA CHALLENGE ROUND 2

- DATA COLLECTION must include a minimum of 4 straight days in between March 28th and the start of class on April 4th
- Final DATA VISUALIZATION postcard due to Carly before you leave for Spring Break on Thursday April 7th

TOPIC CHOICES: EMOTIONS, MIRRORS OR POSITIVE &/OR NEGATIVE THOUGHTS

REQUIREMENTS:

DATA COLLECTION

- Keep this sheet (or something similar) with you at all times, as you need to collect this micro-data for a full week!
- Data must be logically organized in a system of your own design.
- A minimum of 4 data collection categories for each entry, mixing both quantitative and qualitative data that you're collecting with each entry. For example with the Door example: Day, time, location, reason for door opening, style of door, color of door, number of people going through door with you, etc.

DATA VISUALIZATION

- Must visualize all of your data in a manner that is logical, but doesn't include numbers or letters
- Must include a detailed Legend that explains your system
- Must take aesthetics and artistic features/qualities into account
- Must include color
- Must fit on the provided postcard, with the Legend on a second postcard
- Must include things you noticed about your own patterns.

For Your Information

Round 3 choices will be: Complaints, Beauty, or Social Media
Round 4 will be Designer's Choice (choose your own!)
